Cures the cough and heals lungs

Foley's DRINO Laxative
Is Pleasant and Effective
CURES

Constipation, Stomach and Liver Trouble.

By stimulating these organs and restoring their natural action. Is best for women and children as ORINO does not gripe the bowels.

FOLEY'S KIDNEY CURE
Keeps Kidneys and Bladder Right

WALTON.

Miss Grace Andrews came from West Palm Beach Tuesday morning for the purpose of looking over the premises of Willdale. She returned on the evening train.

Mr. and Mrs. K. E. Schuyler, Miss Schuyler and Mr. Bonnet were guests of the Mid-Rivers Club at its last meeting, enjoying its hospitality afternoon and evening.

The Book Exchange passed a pleasant afternoon with Postmaster Luce, Monday. The phonograph manipulated by Mrs. E. J. Luce was one of the features of the occasion.

Miss Sawyer and J. R. Waters were pleasant callers on Miss Starke, of Jensen, a few evenings since. They received a hearty welcome and insist that they shall go again shortly.

W. H. Lennard is working most industriously on his lately acquired plantation, and hopes by the finish of the week to have the acreage set to pines and be enabled to see them growing.

Growers of pineapples are becoming more enthusiastic as the meetings increase in interest and membership. 160 were added to the list at the last session held at Fort Pierce the present week. Messrs Luce, McMullen and Waters were representatives of Walton.

There seems to be some misunderstanding in regard to the ownership of the usual weekly notes that are given the public, usually written by some resident and published under the head of the village name. For instance, one issue of the Times-Union of last week printed a death notice, but failed to give the credit to the Walton correspondent, the clipping was published as coming from Eden which was erroneous. Give the due where it justly belongs.

The Misses Talula Waters and Helen Schuyler are having rather more than a fair share of good times these days—two very delightful ones were enjoyed the last week. The faculty of the Ankona College invited their former pupils, with the addition of several outsiders to spend an all day with them. A gladsome day was passed in games, sea bathing and two substantial meals. Sunday was the other red letter day, the party going down the river to Gilbert's Bar club house, meeting many congenial friends; returning at night, weary, but wishing more such days were to follow.

Merchant K. E. Schuyler is confined to his home by an accident which occurred Monday, when out delivering goods. Mr. Schuyler was sitting on a bale of hay several bales high, when the horse gave a spring forward throwing its driver to the ground, where the vehicle passed over his body. As it was heavily loaded with merchandise such as only a grocery wagon carries, it is a great wonderment that he did not sustain injuries that would prove lasting. Under the ministrations of Dr. McClinton, of Jensen, the patient is much better than could be expected. His patrons will be glad to see him return to business although good substitutes have been on hand during his absence.

MUSIC, FINE ARTS, AND MECHANIC ARTS AT STETSON UNIVERSITY.

Stetson University has issued a special bulletin, giving full information concerning courses offered in music, the fine arts and the mechanic arts. This may be secured by addressing a postal card request to the University.

The faculty in the school of music includes nine instructors—graduates of the great conservatories of the country and students of the best masters in piano, voice, violin, organ, etc. The music school has fifteen pianos, \$10,000 pipe organ and the most beautiful concert hall south of Baltimore and Richmond.

The School of Fine Arts provides for regular and special courses in drawing (pen, pencil and crayon), composition, modeling, illustration, water colors, and decorative, portrait and china painting. The department is in charge of a refined and cultured Virginia lady who is a graduate of the Woman's College of Richmond, and who has spent years abroad in the best schools of art, in Paris, Rome and elsewhere. The department has beautiful studios and costly models and casts.

The School of Mechanic Arts is well equipped with laboratories for physics and chemistry, and with shops for wood and iron working. The instructors in this department have been trained in the Boston School of Technology, the Columbia, Cornell, and the University of Chicago, and in the world famous wood working establishments of Sweden. The boys and young men in this department are being prepared to take a prominent part in the vast industrial developments of Florida, which await the training of her sons.

WABASSO.

A. D. Maddox was in Quay Monday. Frank Poppell was a Wabasso visitor Sunday.

Leo Haas is painting T. J. Cail's new house.

George Williams was a Sebastian visitor Wednesday.

L. F. Geiger will teach the Wabasso school this winter.

E. J. Davis and Adam Eby were in Fort Pierce Wednesday.

Misses Mildred and Irene Smith were in Sebastian Wednesday.

A. O. Morgan will remove his family to Gifford in the near future.

E. J. Davis has purchased a fine mule to replace the one which died last week.

George Sears left Monday for Eden, where he will be engaged in boat building for some time.

E. E. Smith has purchased the property of the J. M. Morgan Grocery Company and will open up a first class grocery and general merchandise store. Mr. Smith formerly had a store here and his many friends gladly welcome his return to the mercantile business.

A crowd of Wabassonians enjoyed a boating and bathing excursion Sunday afternoon. The party consisted of Mr. and Mrs. Tom Cail, Mr. and Mrs. Frank Ayres, Misses Carrie Chessier, Pearl Holt, Mildred, Irene and Florence Smith, Messrs. E. A. Holt, E. E. Smith, J. Jones, Frank Poppell and Clarence Vandiveer.

Sheriff Dan Carlton paid Wabasso a visit Wednesday and arrested Will Gadsen, colored, for alleged cruelty to animals. Gadsen was in the employ of E. J. Davis for several months, plowing and hauling shells. It is claimed that his cruel treatment was responsible for the death of the mule which fell dead on the road last week. Gadsen was taken to Fort Pierce but was released on bail shortly after, since which time nothing has been heard of him here.

WHITE CITY

Mrs. L. A. Parks returned last week from a month's visit with relatives in Georgia.

Miss Sophia Miller, of Fort Pierce, spent Sunday here with her uncle and aunt, Mr. and Mrs. A. Christensen.

Leonard Peterson, having secured a half interest in the G. C. Beck grove is now working and fertilizing same.

E. T. R. Erripp left this (Friday) morning for Newberry, S. C., where he will spend some time with his daughter.

Miss Lena Orrel left Saturday evening for Hallandale, where she will teach the ensuing term of the school at that place.

Mr. and Mrs. Lawrence Christensen had their baby Christened at their home Sunday afternoon, Rev. E. T. R. Fripp officiating. Marie Elfreda is the name given the young lady.

Mrs. G. C. Beck, of Eau Gallie, who has been here the past week looking after the comfort of her mother-in-law during her illness, returned home Sunday morning, Mrs. Beck having sufficiently recovered to get on without her.

After the club meeting at the hall Saturday evening the 7th, there will be a meeting for the full and complete organization of the Mutual Horse Insurance Society. All club members who are horse or mule owners are urged to be present.

A number of our citizens were in attendance at the fruit and vegetable growers' meeting at Fort Pierce Monday. Those of the number becoming members of the organization were Chas. Remenderfer, H. Larsen, J. Larsen, N. Burk, J. M. Orrel, G. Ringdahl, G. E. Dutton, J. A. Neilsen, P. E. Robinson, I. P. Christensen, A. Lamont, N. C. Jorgensen, J. N. Hammer, E. P. Fripp. It is to be hoped that all of the growers who were unable to attend this meeting will investigate the plans and purposes of the organization and assist in making it a power for good by becoming members.

It required twelve columns in the Democrat to print the names of property owners in Suwannee county who have not paid their 1908 taxes.

A LIBERAL OFFER.

We are established right here where you live. Now, it stands to reason we would not dare make the claim that Rexall "93" Hair Tonic will cure dandruff, grow hair and prevent baldness, except we are positive it will do so.
